## MECALC'S RESPONSIBLE MINERALS INITIATIVE POLICY

MECALC believes in ethical and responsible business practices and is committed to promoting economic, environmental and social justice at all levels of our supply and manufacturing processes.

As part of this commitment, we:

- Support the “OECD Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas”.
- Have compiled a Conflict Mineral report using the Responsible Minerals Initiative’s Conflict Minerals Reporting Template (CMRT).
